A little about us

High Well School is a special school which caters for pupils aged 9 -16-year-olds who have an Education Health & Care Plan for profound and severe social, emotional and mental health needs as well as other learning difficulties. The school meets the needs of some of Wakefield's most complex and vulnerable young people.

High Well endeavours to provide a nurturing environment with personalised support and specialist teaching to enable pupils to re-engage in learning, develop their social and emotional skills and leave with not only appropriate qualifications but the skills required to succeed in life after school. This is reflected in our vision of 'Preparing for Positive Futures'.

Wellbeing is very important to us at High Well and in 2022 the school achieved Mental Health Charter status for our investment in wellbeing support to both staff and students. Staff provided annual feedback in our staff engagement survey and told us that High Well is 'a great place to work' and our students told us that they feel 'safe, listened to and respected'. In our 2022, Ofsted inspection we retained our good status and OFSTED commented that High Well continues to be a 'Good school with effective and focused leadership'.
